- Venture Fund

**PREEMINENT**

**Research Development**
Community of Research Development (CoRD) is a cross-Grounds initiative that helps faculty discover opportunities for external support of their research, and assists them in finding potential collaborations across Grounds. The team provides support for proposals, manages the process for sponsored awards, and provides meaningful data analytics for research.

**Research Compliance**
The Vice President for Research (VPR) serves as the chief research officer for the University. The office manages and staffs Institutional Review Boards and various safety committees, develops and negotiates human and animal welfare assurance documents with federal agencies, develops policies on conflict of interest and handles investigations on issues of research integrity.

**Environmental Health and Safety**
The EHS supports the research, education and patient care activities of the University through promotion of a safe and healthy environment. They provide high quality programs, training, evaluation and consultation designed to minimize safety, health, environmental and regulatory risks to the University community.

**Center for Comparative Medicine**
The mission of CCM is to support biomedical research and teaching that utilizes laboratory animals. The office promotes the policies set by the Institutional Animal Care and Use Committee (IACUC) whose charge is to oversee compliance by personnel at the UVA with federal regulations and guidelines.

**Sponsored Programs**
The Office of Sponsored Programs (OSP) facilitates research and research administration at UVA. OSP signs-off on grant applications, and negotiates contracts and grants with a wide variety of sponsors. Once an award has been made, OSP provides a comprehensive service in award administration and regulatory compliance.

**Pan-University Institutes**
Pan-University Institutes are a joint effort between the Executive VP & Provost office and the Office of the Vice President for Research. The institutes take a cross-disciplinary, innovative, and comprehensive approaches to major issues facing the world in the 21st century; that build on the strengths of current faculty and resources. These institutes report to the VPR.
